

A subtle filter for unplugged musicians.
Suitable for vocalists, wood and brass musicians and orchestras.

SNR 15

The revolutionary PRO series of hearing protectors enable you to play, produce and listen to music at safer volumes without making you feel isolated from your environment. Custom moulded to your ears, these professional hearing protectors are manufactured from soft, medical grade silicone. They are comfortable, discreet and are available in a wide range of colours and levels of attenuation (damping) to suit a wide range of ambient sound levels.

The PRO-15 is designed specifically for brass and woodwind musicians and vocal performers. Its vented design and subtle low frequency reduction helps to reduce the blocked up sensation (occlusion effect) present when using conventional earplugs, allowing for a much more natural response.

PRO-15 provides protection in sound levels of up to 100dB

Acoustic Specification

Minimum guaranteed damping level (dB)	125 Hz	250 Hz	500 Hz	1 kHz	2 kHz	4 kHz	8 kHz	H	M	L	SNR
PRO 15	11	11.5	12	12	12.5	15.3	17.2	14	13	12	15

Weight	3g Net 83g Gross Average weight will vary according to ear size
Build Material	40 Shore Medical Grade Silicone
Mould Type	Canal Mould
Standard Colour	Clear
Included Accessories	Instruction Leaflet, Wax Pick, Comfort Cream, Carry case
Optional Accessories	Neck cord, Grips
Package Dimensions	100mm x 55mm x 38mm
Warranty Period	1 Year against manufacturing and component failure
Tested to conform to EU Noise at Work Standard EN352-2	
Attenuation Determined by BSI Product Services (0086), Maylands Avenue	
Hemel Hempstead, Herts, HP2 4SQ
